insurance. **TEL Staffing & HR is excited to bring you MetLife Dental.** The plans available are sure to meet your needs. MetLife has one of the largest networks of dentists and even if your dentist is not in-network there is still coverage available. You are free to select any general dentist or specialist. To find a dentist, simply follow the steps below.

Make sure to enroll in MetLife Dental this Open Enrollment to start saving money. An important aspect of having dental insurance is that it eases the monetary weight of visiting the dentist. Some skip out on regular dentist visits in order to save money, which can cause an increase in many health issues including gum disease. By purchasing dental insurance, you will be able to regularly visit the dentist without the financial burden. Check out MetLife Dental and begin putting money back into your pocket.
