Life. Insured.

BY WENDY HARDY

Life Insurance is a cost-effective way to **protect your family and your finances** if something

unforeseen were to happen. Coverage can help ensure that if the unforeseen should happen, your financial obligations can be met.

These policies can help:

- Provide for lost income
- Help cover bills and debt
- Cover funeral expenses
- Pay for future education expenses
- So much more!

While various types of insurance can protect and compensate for damage to your valuables and home, there is no price that can be put on someone's life. Still, death is one of life's certainties.

Make a plan and give yourself peace of mind that your loved ones will be taken care of. If you want to help ensure your family is going to have income and better be able to pay off debts after you're gone, MetLife life insurance can ease that worry.

PLEASE NOTE: Guardian plans will no longer be available effective November 1st
