Short Term Disability

BY WENDY HARDY

Did you know 35.5% of the population with disabilities is between the ages of 18 and 64. That's why financial

experts recommend short term disability insurance as part of a sound financial plan. **It is a cost-effective way to protect your income when you are unable to work due to illness or injury.**

If you're suddenly unable to earn a paycheck due to illness or an accident, having short term disability insurance can replace a portion of your income during the initial weeks of your disability. This can help you cover your essential living expenses and safeguard your savings.

Weekly payments: receive a portion of your salary for 3 months to 1 year, depending on your policy

Rehab incentives: coverage may include financial incentives designed to help you transition back to work

Easy claims filing: report claims online or by phone

KEEP AN  OUT FOR MORE INFORMATION.

PLEASE NOTE: Guardian plans will no longer be available effective November 1st
